Traffic Congestion Relief Program

Ref: **PENDING TRAFFIC CONGESTION RELIEF (TCR) PROGRAM ALLOCATIONS**

BACKGROUND:

The adopted Fiscal Year (FY) 2003-04 budget provided \$189,000,000 in new revenue to be added with existing funds for Traffic Congestion Relief (TCR) Program projects. As reported at the special meeting of the California Transportation Commission (Commission) on November 24, 2003, the cash-flow forecast based on the October 2003 TCR Progress Report indicates that implementing agency expenditures would leave a balance of \$74,000,000 at the end of FY 2003-04. Due to the uncertainty of TCR funding for FY 2004-05, the California Department of Transportation (Department) recommended that the Commission refrain from making new allocations of TCR funds.

However, on January 10, 2004, the Administration released its budget proposals for FY 2004-05. The proposals include the transfer of \$189,000,000 from the TCR Fund to the General Fund, the elimination of TCR project definitions from statutes, and the rescission of all allocations and approvals for AB 1335 TCRP Letter of No Prejudice.

To date, the Legislature has not taken action to approve these proposals. However, the deficit in the State's General Fund continues to impact the TCR Program and the Commission has chosen to defer and direct all allocation requests to the following pending list until such time future funding for the TCR Program can be assessed.

The following two project allocation amendment requests totaling 10,035,000 in TCR funding are to be removed from the pending list:
